CELLAR UPDATES

The crop always depends on the weather and we had near-perfect conditions in July this year. With mostly cooler days and the occasional morning fog, the grapes had time to mature, growing nice and slow. Fast forward to the end of August, and not only did we have the usual white varietals and Pinot Noir coming in, but even four Zins were ready to be harvested!

Already running ahead of schedule, the weather played a joke on us and sent us five days over 100 degrees in the first eight days of September. This changed the pace and we rushed to get grapes picked before they desiccated on the vine.

It's now the middle of September and we have three-fourths of the Zins and much of the Cabernet crushed at Wilson & deLorimier. We will easily have everything in by October 1st which is very, very unusual. Not long ago, it was typical to be harvesting up until the beginning of November! Anticipate smaller lots for the Zin and Petite Sirah, but relatively average amounts on the Cabernet for 2022.

As for finished wines, we started releasing some of the new Zins in August. As a sneak peek, I'll mention that there is a new entry for our Grower's Series coming this fall from Chalk Hill that should be quite nice. Overall, I think the wines from 2020 are coming around nicely; that actually was a really nice growing year.

WINE CLUB UPDATES

Hello to all you wonderful Wilson wine club members! I hope you've had a marvelous summer and enjoyed some fun in the sun while sipping on some of your favorite Wilson wines!

We've starting planning our event calendar for 2023 and are thrilled to be getting back to hosting members for special gatherings. Keep an eye out for more news via email and sign-up early to secure your spot. If you have a memorable event you've attended at Wilson in the past and would like us to bring it back, your feedback is always welcomed and appreciated.

We are excited about the new vintage wines that are being released in your allotments. As Diane mentioned, she has added a new entry to her Grower's Series, called, "Conte" from the Chalk Hill AVA. Ronald Conte planted these vines using Ulises Valdez Sr.'s esteemed St. Peter's church clone from Rockpile, and is one not to miss for all you big and bold Zinfandel fans!

I've had such a great pleasure meeting some of you and putting the face to the name. I'd actually love to meet each and every one of you one day soon so when you make plans to come visit Wilson in the future, please do ask your host to come get me. I'd be happy to stop by and say hello!

Thank you for your continued support as a Wilson member and we hope you enjoy your fall allocation!

Connoisseur's Guide - "Albeit very much a Zinfandel that lacks for nothing in the way of full ripeness, this concise look at the variety never oversteps the line into riper extremes and keeps its sights consistently set on defined blackberry fruit from front to back. It is a fairly full-bodied, but well-composed wine with balancing acidity warding off any sense of heaviness, and its long-lasting, insistently fruity finish is firm by temperate tannin while keeping heat well in check."
